Sec. 18.5-2. Subdivision for plans for exterior changes to commission; certificate required.

- (a) No private building, structure, or edifice, including fences, boundary walls, signs, light fixtures, steps, paving or other appurtenant fixtures shall be erected, altered, restored, moved, or demolished within any historical district until after application for a certificate of appropriateness as to the exterior architectural features has been submitted to and approved by the commission.
- (b) If earthworks of historical or archaeological importance exist in any historical district, there shall be no excavating or moving of earth, rock, or subsoil without a certificate of appropriateness from the commission.
- (c) The style, scale, material, size, and location of outdoor advertising signs and billposters within historical districts shall be under the control of the commission.

- (d) The commission shall consider interior arrangement or use but shall consider the relationship of the exterior of the buildings, structures, and edifices concerned with all others in the district to avoid incongruity and promote harmony therewith.
- (e) The commission shall adhere to seek and compatibility of structures in the districts in terms of size, texture, scale, and site plan.
- (f) Nothing in this chapter shall be construed to prevent ordinary maintenance or repairs which do not involve a change of design, material, or the outward appearance thereof, nor to prevent the construction, reconstruction, alteration, or demolition of any such feature which is required by the public safety because of unsafe or dangerous conditions. However, any such action must be brought before the commission prior to initiating the action.
- (g) Demolition which has been ordered by the Monroe City Council or by a court of competent jurisdiction shall not require the approval of nor the issuance of a certificate from the commission; however, the commission shall receive prior reasonable notice of condemnation proceedings pending before the council.
- (h) The commission shall make no review, approval, disapproval, or recommendation until the commission has adopted the rules, regulations, policies, procedures, or standards as set forth herein.
Ord. No. 10,357, 10-14-03)

Sec. 18.5-3. Certificates of appropriateness.

- (a) The owner and/or contractor, prior to initiating any works described in section 18.5-2(a), (b), or (c) shall submit an application for a certificate of appropriateness accompanied by reasonable plans and specifications of the work to the commission to the manner set forth in Article II of this chapter.
- (b) The commission shall hear and pass upon any application, giving consideration to the factors set forth herein within thirty (30) days of the date it is received by the commission. The commission shall report, in writing, to the building inspector within ten (10) days of the hearing and consideration of the application, its recommendations on the permit application, including such changes or modifications as may be reasonably necessary to comply with the requirements of this chapter. The commission shall attach the application the application and all documents therewith to its report and recommendation. Evidence of the approval shall be in the form of a certificate of appropriateness. A copy of the report and recommendation shall be promptly sent to the applicant. Failure to respond within the ten-day period herein shall be deemed a recommendation of approval. The commission shall keep a record of all applications for certificates of appropriateness and of all its actions under this chapter.

- (c) No building or demolition permit shall be issued by the building inspector who affects a site or structure in any historic district without a certificate of appropriateness, except as otherwise permitted by section 18.5-2(f) and (g).
(Ord. No. 10,357, 10-14-03)

Sec. 18.5-4. Same--Criteria.

The criteria to be used by the commission in making recommendations shall be as follows:

- (1) To the extent that is economically feasible, efforts to provide compatible uses of buildings requiring minimal building, building site, or environmental alterations shall be encouraged;
- (2) Removal, destruction, or alteration of original characteristics or unique architectural features or a building should be discouraged;
- (3) In the rehabilitation of historic buildings, the use of material matching or compatible with those already used on the building as to composition, design, color, texture, and other visible qualities shall be encouraged;
- (4) Contemporary design in new construction and in alterations and addition should not be discouraged when such alterations and additions do not destroy significant historical, architectural, or cultural material;
- (5) Demolition of a building or buildings of historical significance should be avoided if the commission can demonstrate that it is economically feasible to preserve the building;
- (6) The provisions of this chapter shall apply to all private property in the districts established herein, including all buildings, structures, areas, sites, and their adjuncts and appurtenances, and insofar as they constitute part of the entirety or "tout ensemble" of the historic district; and
- (7) The provisions of this chapter shall not apply to buildings, structures, areas, sites, public ways, or property, including any adjuncts or appurtenances thereto, owned, under the custody of, or under the responsibility of any governmental agency of local, state, or federal government within the historic district. However, any such agency shall seek the advice of the commission prior to initiating any substantial change, modification, renovation, restoration, construction, or demolition, except as provided in section 18.5-2(f) and (g).
(Ord. No. 10,357, 10-14-03)

Sec. 18.5-5. Same--Action thereon.

- (a) If the commission recommends approval of the application, and if such application and intended work shall inform to all other regulations, codes, ordinances, and laws of the city, the building inspector shall promptly issue a permit for such work and indicate on said permit the extent and nature of the work to be performed thereunder.
- (b) If the commission recommends disapproval of the application, the building inspector shall within five (5) days of receiving such disapproval, forward notice of the action along with the written report of the city council, which shall give written notice to the applicant and to the commission within ten (10) days of receipt of the report from the building inspector. The council shall then consider and hear the matter in open session, giving the applicant,

the commission, and all interested parties an opportunity to be heard under the rules established by the council, and shall approve or disapprove the application. Said hearing shall be held not less than ten (10) days nor more than forty-five (45) days from the date notice of the hearing is given to the applicant.

- (c) Any other person aggrieved by any decision of the commission shall have a right to apply in writing to the council from reversal or modification thereof. The mayor or the chairman of the council to have the right to state all further until the council considers the decision. The council shall give written notice within ten (10) days of the receipt of the written application for reversal or modification. The council shall then consider and hear the matter in open session, giving the applicant, the commission, and all interested parties an opportunity to be heard under the rules established by the council and approve or disapprove the application. Said hearing shall be held not less than ten (10) days, nor more than forty-five (45) days from the date notice of the hearing is given to the applicant. (Ord. No. 10,357, 10-14-03)

Sec. 18.5-6. Variances.

- (a) Where, by reason of topographical conditions, irregularly shaped lots, or because of unique circumstances applicable solely to a particular applicant, strict enforcement of any criteria would result in serious undue hardship peculiarly affecting said applicant, the commission may vary or modify adherence to this chapter, provided always that its requirements insure harmony with the general purposes hereof, and will not adversely affect a historic district as a whole or any designated landmark.
- (b) The commission shall also have the authority appear before and recommend to any governing agency, board, commission, or council any variance from any ordinance or regulation affecting requirements for requirements for renovation or restoration of any structure within the historic districts, when the requested variance meets the conditions set forth in section 18.5-6(a), and does not jeopardize the public safety. (Ord. No. 10,357, 10-14-03)

Sec. 18.5-7. Appeals.

Any person aggrieved by any decision of the council affecting any historic any historic district shall have the right to appeal within thirty (30) days from the date of said decision in any court of competent jurisdiction under the usual rules of procedure governing same, with the right to stay orders and injunctive relief as provided under R.S. 25:741 B. (Ord. No. 10,357, 10-14-03)

Sec. 18.5-8. Stopping work commenced without a permit.

- (a) The building inspector shall promptly stop any work subject to the provisions of this chapter which is not authorized by an approved permit therefore and shall promptly bring such matter to the office of the city attorney for appropriate legal action to enforce the provisions of this chapter.

- (b) The commission shall have the right institute suit in any other court of competent jurisdiction to prevent any unlawful violations of the provisions of this chapter or of any of the rules, regulations, or standards adopted in conformity with it.
(Ord. No. 10,357, 10-14-03)

Sec. 18.5-9. Penalties; continuing violations.

Anyone violating any provision of this chapter shall be subject to a fine of not less than twenty-five dollars (\$25.00) nor more than one hundred fifty dollars (\$150.00) for each violation. Each day that any such violation shall continue shall constitute a separate violation.
(Ord. No. 10,357, 10-14-03)

Sec. 18.5-10. Definitions.

Exterior architectural features shall include but not be limited to the color, composition, architectural style, general design, and texture of the building material, and the type of style of all roofs, windows, doors, and light fixtures.

Historic or historical building is defined herein as a contributing element to the Federal Downtown Monroe Historic District in the National Register or Historic Places Inventory-Nomination Form for the district, a copy of which is on file in the office of the clerk of the city council of the City of Monroe, or a building otherwise listed on the National Register of Historic Places.
